### Chapter 24 - Uniform Crime Reporting System

12-24-1. Reporting System. -- **A uniform crime reporting system shall be established under the direction, control and supervision of the superintendent of state police.** The superintendent of state police shall have the power and duty, by such rules and regulations as he may deem necessary to collect and gather such information from such local police departments and the enforcement division of the department of environmental management as may be and is hereinafter prescribed.

12-24-2. Reports. -- **The police department of each city and town and the enforcement division of the department of environmental management, once each quarter, upon a date and form prescribed and furnished by the superintendent of state police, shall forward to the division of state police a crime report.** Each reporting department shall report only on cases within its jurisdiction and upon which it is making, or has made, the primary police investigation. The report shall be called the uniform crime report and shall cover crimes reported and otherwise processed during the reporting period. It shall contain the number and nature of offenses and such other information as the superintendent of state police shall specify relating to the method, frequency, cause and prevention of crime. Under no circumstances shall the name of any person be reported.

12-24-3. Compilation of Reports. -- **Upon receipt of the quarterly uniform crime reports from the reporting agencies, the division of state police shall prepare a statewide compilation of the statistics contained therein and the resulting statistical compilation shall be available to any government agency in the state, the judiciary committees of the Rhode Island senate and the Rhode Island house of representatives, and the federal bureau of investigation, upon request.** The statistics made available through the uniform crime report shall be used for the purposes of studying the causes, trends and effects of crime in the state and for intelligence upon which to base a more sound program of crime detection and prevention and the apprehension of criminals.

12-24-4. Other agencies. -- **Any governmental agency, not falling within the description of those required to submit the quarterly uniform crime report set forth in 12-24-22, which desires to submit such a report, shall be furnished with the proper forms by the division of state police.** When a report is received by the division of state police from a governmental agency not required to make such reports, the information contained therein shall be included within the monthly compilation provided for in 12-24-3.

## ***Verification Procedure***

Uniformity and accuracy of crime data collected under this program is of primary concern. With the receipt of reports covering 39 reporting jurisdictions within the state of Rhode Island, the problems of attaining uniformity are readily apparent.

It is standard operating procedure to examine each incoming report for mathematical accuracy and completeness and, perhaps of even greater importance, for reasonableness as a possible indication of error.

Also, prior to compiling *Crime in Rhode Island*, an annual Preliminary Release is distributed to each reporting jurisdiction based on the submission of monthly UCR statistics. Each jurisdiction is requested to examine this release and notify the UCR Unit should any discrepancies appear.

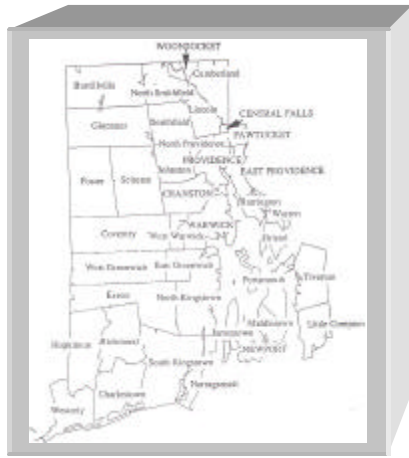

Regardless of the extent of the statistical verification process used by the UCR Unit, the accuracy of the data assembled under this program depends on the sincere effort exerted by each contributor to meet the necessary standards of report.

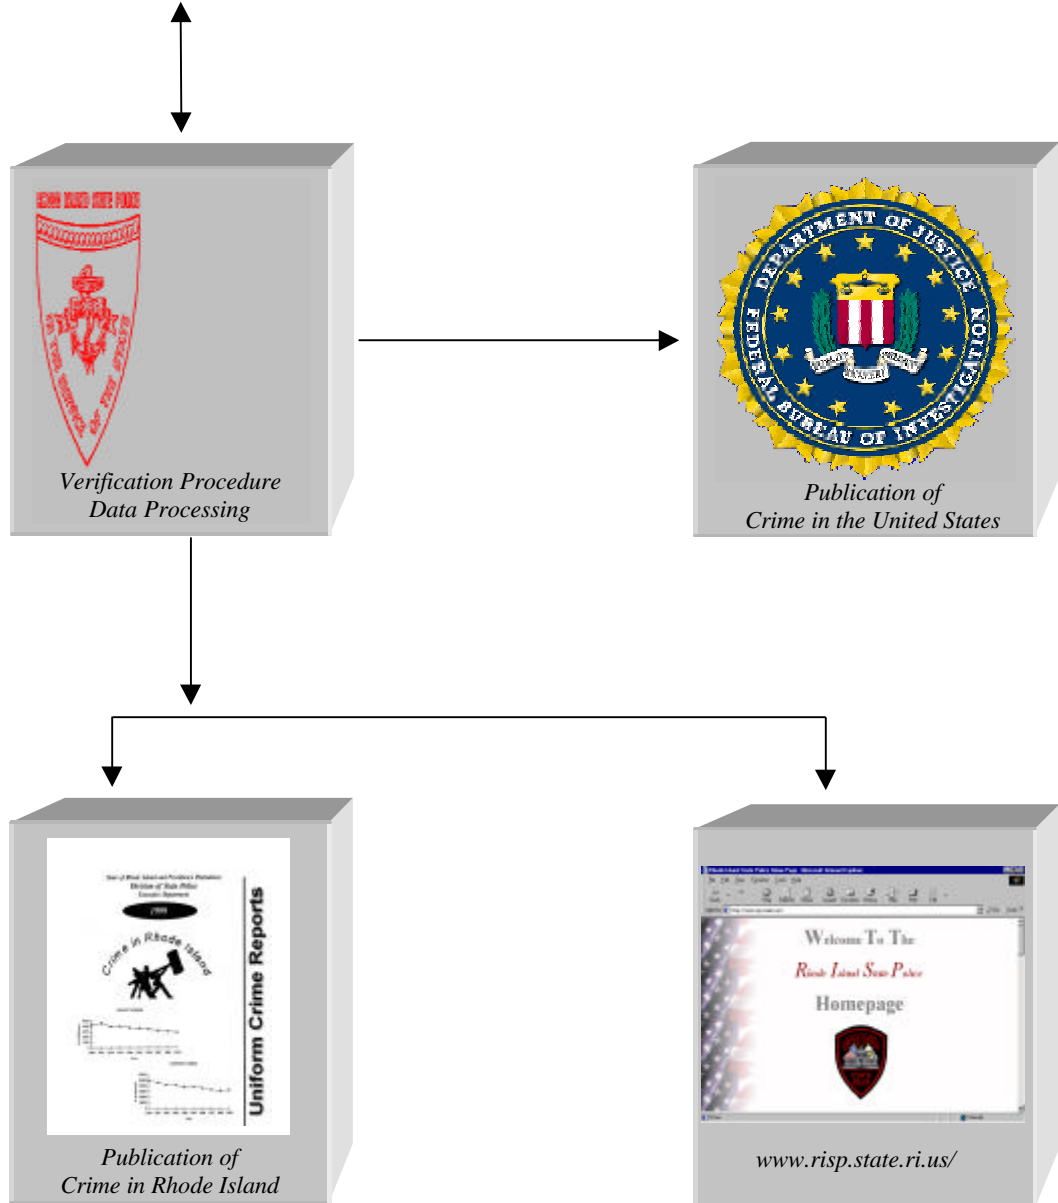

## ***Crime Factors***

Data users are cautioned against comparing statistical data of individual cities and towns due to numerous factors which are known to affect the amount and type of crime occurring from place to place.

- Density and size of the community population
- Variations in composition particularly to youth concentration
- Economic status, including job availability, median income, and poverty level
- Stability of population with respect to residents' mobility, commuting factors, and other transient factors
- Modes of transportation and highway system
- Cultural conditions, such as educational, recreational, and religious characteristics
- Effective strength of the law enforcement agencies
- Administrative and investigative emphases of law enforcement
- Attitude of the public toward law enforcement problems
- Climate, including seasonal weather conditions
- Cooperation of adjoining and overlapping police agencies
- The administrative and investigative efficiency of the local law enforcement agency, including the degree of adherence to UCR Crime Reporting Standards

## *Domestic Violence*

Source: The information contained in this section was provided in full by the Domestic Violence Training and Monitoring Unit, administered by Janice Dubois, Director. Domestic Violence data is not included in the Preliminary Release Verification Process performed by the Division of State Police, Uniform Crime Reporting Unit, described on Page 9. Therefore, the methodology of data verification for domestic violence data will vary.

*When domestic violence totals are slightly different from one report to another, it is because reports were run on different days (data changes each day).*

## ***DOMESTIC VIOLENCE TRAINING & MONITORING UNIT***

The Domestic Violence Training and Monitoring Unit, referred to as the Domestic Violence Unit (DVU), has been funded by RI Supreme Court since the passage of the 1988 DOMESTIC VIOLENCE PREVENTION ACT (DVPA), Rhode Island's first comprehensive domestic violence criminal legislation.

Historically, the DVU has been active in most phases of domestic violence prevention work including policy and planning re: victim contact, victim advocacy, and education as well as the all-important victim/police liaison work. While the DVU continues in this work, its major function has become the oversight of the design, distribution, collection, compilation and reporting of data from the mandated DV/SA Police Reporting Forms and the development of the DV/SA Database.

The DVU compiles police statistics on the incidence of domestic violence and sexual assault/child molestation calls/cases through the mandated DV/SA Form. While it has taken a number of years to get to this point, with the help of RI Police Departments, RI State Police and the Supreme Court MIS Unit, the DV Unit is able to provide reliable and comprehensive domestic violence and sexual assault/child molestation criminal justice statistics for the state of Rhode Island.

The DV Unit's web site houses two DV/SA Database Data sets (both anonymous - no direct or indirect identifiers attached to records) allowing researchers/students or other interested parties to access the data. The RI Law Enforcement section includes pertinent RI domestic violence and sexual assault laws, yearly updates on legislative action, and an instructional section on how to fill out the various sections of the DV/SA Form. Other ideas from RI Law Enforcement re: content for the "Law Enforcement" section of our web site are welcomed. The web address is ([www.ri.domesticviolence.org](http://www.ri.domesticviolence.org)).

The DVU is currently staffed with an Executive Director/Administrator, a Database Manager, an Administrative Aide, a Secretary/Receptionist and seven other part-time to full-time DV Unit staffers.

## ***Definitions - Part I Offenses***

### ***Crime Index Offenses***

#### **CRIMINAL HOMICIDE**

a. Criminal Homicide - Murder and Non negligent Manslaughter: The willful (non negligent) killing of one human being by another. Deaths caused by negligence, attempts to kill, assaults to kill, suicides, accidental deaths, and justifiable homicides are excluded. Justifiable homicides are limited to: (1) the killing of a felon by a law enforcement officer in the line of duty; and (2) the killing (during the commission of a felony) of a felon by a private citizen.

b. Manslaughter by negligence: The killing of another person through gross negligence. Deaths resulting from traffic accidents are not included in this classification.

#### **FORCIBLE RAPE**

The carnal knowledge of a female forcibly and against her will. Included are rapes by force and attempts or assaults to rape. Statutory offenses (no force used - victim under legal age of consent) are excluded.

#### **ROBBERY**

The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

#### **AGGRAVATED ASSAULT**

The unlawful attack by one person upon another for the purpose of inflicting severe bodily injury usually accompanied by the use of a weapon or other means likely to produce death or serious bodily harm. Attempts are included since it is not necessary that an injury result when a gun, knife, or other weapon is used which could and probably would result in serious personal injury if the crime were successfully completed. Attacks using personal weapons (part of the attacker's body) must result in serious personal injury to be classified as aggravated assault. Simple assaults are excluded from this count.

#### **BURGLARY**

The unlawful entry of a "structure" to commit a felony or theft. The use of force to gain entry is not required to classify the crimes as burglary. Burglary is broken down into three sub classifications: forcible entry, unlawful entry where no force is used, and attempted forcible entry. A "structure" is considered to include the following, but not limited to: dwelling houses, apartments, out buildings, public buildings, offices, factories, cabins, etc.

#### **LARCENY**

The unlawful taking or stealing of property or articles without the use of force, violence, or fraud. This includes crimes such as shoplifting, purse snatching, pocket picking, thefts from motor vehicles, thefts of motor vehicle parts and accessories, bicycle theft, etc. This crime category does not include embezzlement, "con" games, forgery, and worthless checks. Motor vehicle theft is excluded from this category.

#### **MOTOR VEHICLE THEFT**

The unlawful taking or stealing of motor vehicle, including attempts. This definition excludes taking for temporary use by those persons having lawful access to the vehicle.

UCR defines a motor vehicle as a self-propelled vehicle that runs on the ground and not on rails. Examples include automobiles, trucks, buses, motorcycles, mopeds, snowmobiles, etc. Thefts of construction equipment, boats, and airplanes are not included in this category but are counted as larcenies.
