SUBJECT:

1. Q. Mr. Nee, could you state your full name and spell your last.

A. George Nee, N-e-e.

2. Q. And your date of birth, please?

A. [REDACTED]

3. Q. And you are presently employed, where?

A. By the Rhode Island AFL - CIO.

4. Q. Okay. And at some point in time during your professional career, did you have any affiliation or purpose for working for the Economic Development Corporation for Rhode Island?

A. Yes, I was a Board member and I was and still am a Board member of the Rhode Island - Now it's called the cor- "Commerce Corporation," but at the time it was the Rhode Island EDC, Economic Development Corporation.

Ref: 12-3-IV

5. Q. And - and what was the ... the timeframe when you were a Board - You're presently a Board member; when did you first come on board?

A. Let me see. I was -- I - I'm going to guess, 2008?

6. Q. Okay.

A. Two thousand eight I w- Maybe 2009. I'm not sure. I was appointed by Governor Carcieri.

7. Q. Okay.

A. I believe it - I - I believe it was January of 2009. But that's somewhere in the records.

8. Q. Okay. You said you were appointed by Governor Carcieri.

A. That's correct.

9. Q. And what are the term- Is there a term limit?

A. There are four-year -- four-year terms to that position.

10. Q. So since that time you've been re-evaluated by--

A. I was reappointed by Governor Chafee.

11. Q. Governor Chafee.

A. That was last year.

12. Q. Okay. And can you just give me a brief description of your duties as a Board member, what that encompasses; what - what does the Board do?

A. The Board meets on a monthly basis; it's chaired by the Governor, and it is responsible for making decisions relative to economic development issues ... for the State of Rhode Island, energy grants, coming up with a - basically a - a policies and plans for

Ref: 12-3-IV

economic development in the State of Rhode Island.

13. Q. So is - is part of the Board's duty to govern completely 100-percent over the EDC or, or is it just really a kind of a guiding light and they really don't have ...?

A. Well, it's a -- The - the EDC has a staff, they have an executive director, and they have personnel. So we're really more setting the public policy, and the over -- We don't execute the decisions that are made. The decisions are, whether they be for loans, whether they be for energy grants, there's a number of programs that are bond - approval of bond issues and that type of thing.

14. Q. So the EDC executives would need the - the Board to approve everything that they -- everything that --

A. Um --

15. Q. -- they did or just certain aspects of --

A. I would say --

16. Q. -- [indiscernible]?

A. -- we - we set the broad parameters. And - and if anything's over - And I don't remember the certain programs had to go for a Board vote. Like, I know energy grants, we were always come- Renewable energy grants would come before us with a presentation and data, and then we would have to vote on those.

17. Q. Okay. And at some point in time did the Board have to make any sort of decisions or did they listen to any presentations on the part or on behalf of 38 Studios?

A. Yes, we did. That was in 2010, I believe that there were several meetings where this issue was discussed. I know there was a presentation, which the Board members attended that was given by a company out of Massachusetts that had been hired to do the due

Ref: 12-3-IV

diligence on this issue. I think it was Strategic and Analytics, or some - something close to that --

18. Q. Okay.

A. -- where they had been hired by EDC to vet this particular proposal that was coming before us for a uh, a uh glo- a - a uh, bond guaran- or a loan guaranty for the - a newly-created entity in January of 2010, called the Job Guaranty - What the heck - I forget exactly the name.

19. Q. That's okay.

A. The Job Guaranty Fund, or something, that was the - It was uh -- [papers rustling] I'll get you the right name. Eh, let's see.

20. Q. I think we're all familiar with the - with the --

A. Yeah, I just--

21. Q. [Indiscernible / cross talk] --

A. -- don't remember the exact name of it. Eh. 'Cause they -- they put it out of business, actually.

22. Q. Mm hmm.

A. Let's see. I want to get you - make sure I get this right. I think it was the Job Guaranty Development Fund or something like that.

23. Q. Okay.

A. I'll get it. You --

24. Q. Yeah. No, that's fine. That's fine. And you - And a moment ago I think - or if I understood you correctly, that the Analytical Strategic Company was - was hired by EDC, they weren't hired by

Ref: 12-3-IV

38 Studios, is that correct?

A. That's correct, they were - they were to provide us the - the EDC Board with the information as to their opinion of it.

25. Q. But did the Board have anything to do with the hiring of this company, or was it just the executives within EDC that hired them?

A. You know, I - I don't recollect if we actually had a Board vote to hire that particular company, I think that - I remember there was discussion that the Board wanted the executives of the EDC to hire someone that would give us a presentation. So I don't know if we just authorized them to find the right company or whether we did an actual vote, I don't remember.

26. Q. Okay. And actually, I want to pull something out and see what - take a peek at it and just kind of refresh - refreshes your memory. Now you said a "presentation." And - and here I'm - I'm showing you a copy of --

A. Yeah.

27. Q. It was a PowerPoint presentation --

A. Yeah.

28. Q. -- that's been printed out on a - as a hard copy?

A. Yup.

29. Q. Is this the presentation that you're --

A. I --

30. Q. -- you're referring to? Um, let me see --

A. Thi- ... I - This - this -- I believe this was it, yes. And it was at a - I know it was a PowerPoint presentation, --

31. Q. Mm hmm.

Ref: 12-3-IV

A. -- and I know they - Yeah.

32. Q. And that the company you - you were talking about.

A. That's correct. They're - they're out of Massachusetts...

33. Q. Strategy Analytics?

A. They're out of Massachusetts.

34. Q. Okay.

A. Correct.

35. Q. All right, and it looks - I think there's a date on here...

A. June 14th.

36. Q. The 14 of '010?

A. Yup. Yup.

37. Q. Does that sound about right?

A. Yes, it does.

38. Q. It coincides with the meeting date?

A. Yup.

39. Q. Okay. With the Board meeting...

A. Yup.

40. Q. Was this an open Board meeting or was this closed-door, do you remember?

A. Eh, you know, I don't remember. It may have been in - in a -- I - I don't remember. I mean, I --

41. Q. And this is actually m--

A. Uh --

Ref: 12-3-IV

42. Q. -- meeting Minutes --

A. Yup.

43. Q. -- for - for June 14th, 2010, which is the same date as the date on the PowerPoint. And those are meeting Minutes for - Is this the particular meeting, the Board meeting that we're - that we're discussing?

A. I --

44. Q. Would this be the typical meeting Minutes that you would --

A. I think so.

45. Q. -- would be uh --

A. But this is a case I wasn't there. But ... this is uh, kinda screwy, because this indicates I wasn't there, but it --

46. Q. Mm hmm.

A. -- indicates that -- O - Okay, I - I mean I - I guess I was - I mean, I remember seeing this presentation, --

47. Q. [Indiscernible]

A. -- but I don't remember, it may not have been at this meeting, it may have been at another meeting. Because this is a meeting in June.

48. Q. Okay. And --

A. So.

49. Q. -- if you flip through that, I think it might even make mention to the - about this presentation by Strategy Analytics, and maybe you can actually confirm that for me.

A. I remember seeing a presentation, I - it may be -- it may not have been at this meeting. In fact, it indicates that I wasn't there. So I guess I wasn't there.

Ref: 12-3-IV

50. Q. Okay. And - and this was presented not by executives at EDC, but it was by personnel or employees of ... Strategy Analytics?

A. The one I -- The one that I remember seeing had people from -- from -- You know, there was one that they were on a - they - they may not have been there. There's one meeting that I remember I thought that they were on a -- they were not there; there was a conf- you know, they were calling it in, but there were people from EDC there. I mean-

51. Q. Okay.

A. -- staffing people there.

52. Q. When you say "calling it in," you mean--

A. I mean --

53. Q. -- a conference [indiscernible / cross talk] --

A. Yeah, I mean that they -- Yeah, I --

54. Q. On a video screen, or?

A. No, I think a voice thing.

55. Q. Just, you know --

A. But - but I remember seeing this presentation, I just - it may not have been at that meeting.

56. Q. Okay. All right. That's fine. In a review of this PowerPoint, it appears that the presentation revolves more about the - the gaming industry--

A. Correct.

57. Q. -- as a whole; not specifically 38 Studios? Is that how you--

A. Mm hmm.

58. Q. -- remember it?

A. Part of the reason for us entertaining the idea of 38 Studios, part - and not the whole thing -- but part of it was that - that it was being presented that this was an opportunity for Rhode Island to essentially establish a gaming industry. You know. And this could be --

59. Q. Mm hmm.

A. -- the catalyst or the foundation for that, and that the hope was that this would spawn a - a greater ... interest from other companies. So that was exactly part of the rationale for this, I remember that.

60. Q. The - the word, and I -- it's been kind of thrown around, and I've heard a lot is like, the "anchor," almost like an --

A. Anchor cluster--

61. Q. -- anchor store, is that...?

A. The - the cluster--

62. Q. Yup.

A. -- concept, yes.

63. Q. Okay.

A. Yup.

64. Q. All right. Good. Now this particular - and again, ... according to the meeting Minutes, you weren't there on June 14th - but was this the -- was this the first talk of this or the first knowledge on your -- as far as you're concerned with you that you - you heard about 38 Studios possibly coming to Rhode Island, or this - or this idea of this gaming cluster coming to Rhode Island?

A. Um --

65. Q. Whether it be inside the EDC or outside.

A. I -- I reme-- I - I believe, and this is where it gets a little -- that there were -- that there were discussions about 38 Studios coming to Rhode Island, or -- Or interested in coming to Rhode Island during the legislative session when there were hearings on the job guaranty fund --

66. Q. Mm hmm.

A. -- proposal that was before the General Assembly that was heard in hearings about the creation -- Because this was a brand new program.

67. Q. Right. Now where - where did you hear this, did you hear this just with the media or do you mean or you heard it in conversations at the EDC, or?

A. Uh, media, they - they said - There's an article here that I reviewed that indicates that - that officials began drafting the terms of the 38 Studio deal as early as March of 2010, which is-

68. Q. Right.

A. -- while the se- while they were in session. Because the - the EDC Board approved a legislative initiative for that year. There were two things I remember specifically: one was this job guaranty fund, which at that time was \$50 million; then there was another recapitalization of another loan program that the EDC had run for many, many years to recapitalize that at \$50 million. So that was part of the EDC legislative package, which I believe might have been part of the governor's budget that year.

69. Q. O -

A. And then during the legislative session, it was proposed to increase that to \$125 million, and that's where - that's -- But it started off at the 50.

70. Q. Okay. And I think we've all read through many, many articles about this,--

A. Right.

71. Q. --whether it be Associated Press or Providence Journal--

A. Yeah.

72. Q. -- or whoever it may be. But as far as your personal contact with anybody that had discussions with you personally, whether - whether it be, again, through - with - during ED-- with EDC in formal meetings, with EDC personnel outside of formal meetings, whether it be, you know, just somebody here or with, you know, with others.

A. No, I - I--

73. Q. Was it--

A. -- I - I -- I think there was - it was around that 38 Studios was interested in coming to Rhode Island before we took it up officially at the EDC.

74. Q. And - and who did you have those conversations with, do you remember?

A. I don't remember.

75. Q. I can just - I mean, were - were - were they legislators, was it somebody from the governor's staff, you don't remember, EDC --

A. I --

76. Q. -- people? Maybe informally even, maybe ... even over dinner prior to this meeting?

A. No.

77. Q. No? Okay. Okay. All right. Good. All right, so we have the June 14th meeting, which indicates that you're not - you weren't there, but --

A. Correct.

78. Q. -- you think you might have even been.

A. Well, if - if the Minutes indicate I wasn't there, I wasn't there, but I - I do remember seeing this at some point.

79. Q. Right. Okay. Okay. And then how did -- All right, then sir, you probably can't answer this because you s- you don't think that you were there at that meeting, but were - were there any other official meetings at EDC regarding 38 Studios after this June 14th date that you...?

A. Well, I mean, there were -- We - we both had gotten the proposal.

80. Q. Okay.

A. Which took place late I think. I think that was in August.

81. Q. Okay. All right. I'm going to show these are meeting - meetings Minutes for July 26th, 2010, --

A. Okay.

82. Q. -- which is noted as a public session.

A. Right. And I was there.

83. Q. And you were there.

A. Yup.

84. Q. And --

A. Right.

85. Q. -- if you read through the notes, I - and correct me if I'm wrong, it looks like you were there, and there was a vote on it.

A. This was the-- I think this was the vote where we -- Is this the - is this the uh -- Oh, okay, wait a minute. ... I forgot something here. Maybe - maybe I'm not losing my mind.

86. Q. Yeah, because I'm thinking maybe - I - If you read this paragraph--

A. Yeah. Yeah.

Ref: 12-3-IV

87. Q. -- he talks about a presentation--

A. Yes.

88. Q. --here, correct?

A. Yeah. Right. Exactly. So, and it's -- Yeah, and so --

89. Q. So is that maybe a - a

A. It - it --

90. Q. -- different--

A. It - it - I don't know if it was the same one that was given before or it was a different one.

91. Q. I'm showing you a different--

ATTORNEY LYNCH:

92. Q. And when was that, July 26th, what year?

DETECTIVE CORPORAL BUONAIUTO:

93. Q. Two thousand ten.

A. Yeah, two thousand --

ATTORNEY LYNCH:

94. Q. Okay, so this is the discussion bet- This is June ...14th too.

DETECTIVE CORPORAL BUONAIUTO:

95. Q. Oh, I'm sorry. Yes. I handed you the wrong one.

A. This one, to be honest with you, I don't remember --

96. Q. These - these two I believe were presented on the same day. And --

A. Ye- That's right.

97. Q. --according to the Minutes, you weren't there on those dates,--

A. Yeah.

98. Q. -- but then there was

A. This was one looks ...see --

99. Q. -- a - a third one, which was ending --

A. Oh.

100. Q. -- 26.

A. Well this - Yeah. Okay. Okay. This -- Oh, you know what? Let me just see something. I'll tell ya - I'll tell ya. They look the same. Or, I mean, they -- this was put together by management [indiscernible / mumbling]. See ... 'cause I remember -- I have to try to figure out in my mind why it--

101. Q. Right. No, there might have been some cutting - cut and pasting from - from this.

A. From this. But I re--

102. Q. [Indiscernible / cross talk]

A. I'm just trying to look for one thing if it was in here. Because I re- now I - I remember this one more cl- because I remember specifically seeing these names. Particularly this guy, 'cause he was with Star W- The uh --

103. Q. Okay, when you say "these names," you're - you're pointing at names of individuals that worked ... 38 Studios...

A. These were the people who were going to be part of the 38 Studios management... So, yeah, this one I remember. Yup. Okay. This is the one that I - So, this is the one that I did see. That --

Ref: 12-3-IV

104. Q. Okay.

A. And I did see that and I was at this meeting.

105. Q. And - and that was the date of the vote.

A. That was the -- Was it? Okay, if you s- you know. I gotta tell you something

[phonetic.]

106. Q. No, it's been a long time, I understand that.

A. For approval. This is, okay - this is 38 Studios. I remember I voted for it ...

[PAPERS RUSTLING / INDISCERNIBLE UTTERANCES]

A. Here's the vote: one guy voted against it.

107. Q. Right.

A. Carl.

108. Q. Right.

A. I should have listened to him.

109. Q. O - Okay. So is -Are we--

A. [Laughing]

110. Q. -- in agreement that July 26th, 2010, was the date of the vote, the --

A. Yes.

111. Q. -- Board vote --

A. Yes.

112. Q. -- to approve the - the bond--

A. Right.

113. Q. -- loans?

Ref: 12-3-IV

A. Right.

114. Q. Is that correct? Now what do you remember as the - All right, let me ask you this, or let me back this up a little bit.

A. Yes.

115. Q. 38 Studios employees, did they - did they - were th-- were they at any of the Board meetings, and did they present anything to the Board? Prior to the vote.

A. To the -- to - I don't know if they were at the - any of -- I -- All I can - all I do remember is at that meeting was the first time that I ever saw, not met, Mr. Shilling.

116. Q. Okay.

A. He was present at the meeting.

117. Q. Okay.

A. Because it was - I mean, there - A lot of people were present, it was a--

118. Q. Right.

A. -- public meeting, so the vote a public ... But he was there. But I re- I remember 'cause when some people said afterwards, well, you know, you know, 'cause the inference was they were awe-struck by this guy--

119. Q. Right.

A. -- you know, except for I met the guy.

120. Q. Right.

A. In fact, I gotta be honest with you, I didn't like him.

121. Q. Did he speak?

A. Did he speak at that meeting? I do not believe so. I don't -

122. Q. Okay.

A. I - I think he was just present.

123. Q. Did anybody, any representatives for 38 Studios speak?

A. I don't th- I don't - I don't - I don't thi- I don't remember.

124. Q. You don't remember? Okay.

A. I don't remember.

125. Q. Okay. Were there any -- Was there any discussion--

A. Discussion?

126. Q. -- on 38 Studios prior to the vote --

A. Oh, yeah.

127. Q. -- at that Board Meeting?

A. Yeah.

128. Q. And - and who was that and what was the topic of that conversation?

A. I - I just - I just remember people giving some reasons as to why they were going to vote the way they did. And I remember Carl indicating, you know, he was concerned that it wasn't - there wasn't enough money for small business, or something like this, something along those lines.

129. Q. Okay. Not so - not necessarily concerned about 38 Studios' failure, but more concerned about small businesses...

A. Uh, you know, his - and, and I don't remember if this was a conversation or whether he said it publically, but I re- I remember he was concerned that we maybe weren't doing enough - we were doing too much for just one big company and not enough for the

small businesses here.

130. Q. And just - And what - what was your understanding on what 38 Studios wanted and needed?

A. Well, what - what they wanted was a \$75 million, you know, loan guaranty from the State of Rhode Island; they were coming to Rhode Island; they were going to bring in x-number of jobs over a period of time; and it was going to be an opportunity for Rhode Island to open up or - or get involved in a new kind of a growth industry or --

131. Q. Mm hmm.

A. -- something that was very positive and could spur some other economic development activity. They had a - a - They made a - a uh, reference to the fact that they were already in business with one product, the - and the one in Baltimore, you know, and - But, but they were mo- but this was moving to a whole new generation of these type of games, and that we would be on the cutting edge of this, and, you know, this would be a - a good thing for the State of Rhode Island, so.

132. Q. So did they just throw out the number 75 million or did they - did they back that up with any sort of financial documents that showed, or financial projections on their part that showed that \$75 million was a - that - the amount that they needed to get to a certain --

A. I--

133. Q. -- point in production, or?

A. You know, the only - you know, we - all we were -- I mean, all I really saw at that point was this - or, or heard about was that there was going to be a \$75 million loan guaranty. We always understood, or at least, I understood, that - that obviously when you - when you sell \$75 million worth - or on the market, that's not what ends up. I mean, s- everybody takes a

piece of that. Or a lot of people take a piece of that before you end up with the - the final figures that they have. But --

134. Q. Okay. So did - did you have any idea what those fees would be?

A. No. No.

135. Q. And -and just in your head and your - with your - your --

A. No.

136. Q. -- background, did you have an idea like --?

A. N- Nothing was specifically mentioned--

137. Q. Okay.

A. -- in there.

138. Q. But were you th- were you thinking, oh, you know, a half-a-million dollars / a million dollars in fees, or were you thinking \$10 million in fees?

A. Oh, I - I don't - I don't - I don't - I don't remember.

139. Q. All right.

A. But I mean - I mean I - I - I know just from knowing from bond issues that are sold by the State of Rhode Island that the cost of the bonds is always more than what is available for people.

140. Q. Okay. So -- so you understood that if this was approved that 38 Studios wasn't - wasn't going to walk out the door with \$75 million in their hand.

A. That's correct.

141. Q. That - that's correct?

A. Yes.

142. Q. Okay. Okay. And did you have any concerns that if they're asking for 75 million, and they weren't getting 75 million that this wouldn't - wouldn't work, or were there any discussions about that?

A. Um. [Indiscernible]

143. Q. Or were there any discussions--

A. No.

144. Q. -- on how they would come up with a shortfall?

A. No, they - I mean, it was, again, I guess I, as a Board member, was relying on the representations that were made by the EDC staff and - and their analysis that this would be sufficient for them to be able to go forward with this project, and, you know, that they - they felt it was a uh - a responsible move on our part.

145. Q. Okay. And, and I know it's totally after the fact; it's like Monday morning quarterbacking on everybody's part I guess, but had EDC provided you with information or - or financial projections on the part of 38 Studios that showed that they needed 75 million, not 75 million minus a commission, --

A. I --

146. Q. -- would that have changed anything for you...?

A. I - I did not know that at the time. I have subsequently been made aware of that.

147. Q. Right.

A. So some of the documents -- Some documents that I've seen bef- after that, I didn't see at the time.

148. Q. Okay. But was that something that would have --

A. I --

149. Q. -- would have altered your - your - your thought on the - on the whole issue, or? I mean,

'cause some people might say that are in the business world: well, yeah, I know they needed 75, but hey, they got 65; they took it, and we just assumed that they had raised more money to make up the shortfalls, is that something that...?

A. Yeah. Well, I mean, I - I think we always -- I think it was always represented this - they would also - they would have to raise other money. I mean, that was I think that - that this wouldn't be the only money, that there were always other investors and other people involved in the thing, but. Um, would it? I mean. Um.

150. Q. Well, let me go back for a minute, --

A. Yup.

151. Q. -- because you just said that. What led you to believe that, or made to think that they were - they were going to be raising money elsewhere? Was it at any part of these meetings or--

A. Well, --

152. Q. -- one of the --

A. -- you know --

153. Q. -- discussions that you had somewhere amongst --

A. [Indiscernible utterances]

154. Q. -- the Board or with EDC personnel?

A. No. No, I mean, I - I -- No, that could have been coming after, when we had the meetings after when it started to fall apart that they had indicated that they weren't able to raise some other money that they thought they were going to be able to raise. So --

155. Q. Okay.

A. -- that kind of all got --

156. Q. Yeah, I --

Ref: 12-3-IV

A. -- pushed up. I --

157. Q. Okay.

A. You should, just for the record, I - I was sort of like the odd person on - on the Board, I wasn't like on the inner circle, so, --

158. Q. Right. Yeah.

A. -- yeah, I - I wasn't one of Governor Carcieri's favorite people, so. There were subcommittees and stuff like that that were going over this in much more detail, all of whom - the people I - that were on the Board I had a lot of faith in, and they --

159. Q. Right.

A. -- to me they were very solid, good solid members of the business community, and - and so I was kind of relying that they all felt that this was worthwhile. So that I --

160. Q. When you say "subcommittees," are these --

A. I think there was a subcommittee that looked at this in much more depth than --

161. Q. ... And within the Board?

A. Yeah.

162. Q. Okay. Do you remember who that was?

A. No. No.

163. Q. Is - is that something that is recorded in ...?

A. It - it should - It --

164. Q. -- in Minutes or something, or?
