## *Law Enforcement Code of Ethics*

*As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against violence or disorder; and to respect the constitutional rights of all to liberty, equality and justice. I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department.*

*Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty. I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decision. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.*

*I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.*

*I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence. I will strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.*

# **The Uniform Crime Reporting System**

## **Chapter 24**

**12-24-1. Reporting System. -- A uniform crime reporting system shall be established under the direction, control and supervision of the superintendent of state police. The superintendent of state police shall have the power and duty, by such rules and regulations as he may deem necessary to collect and gather such information from such local police departments and the enforcement division of the department of environmental management as may be and is hereinafter prescribed.**

**12-24-2. Reports. -- The police department of each city and town and the enforcement division of the department of environmental management, once each quarter, upon a date and form prescribed and furnished by the superintendent of state police, shall forward to the division of state police a crime report. Each reporting department shall report only on cases within its jurisdiction and upon which it is making, or has made, the primary police investigation. The report shall be called the uniform crime report and shall cover crimes reported and otherwise processed during the reporting period. It shall contain the number and nature of offenses committed, the disposition of such offenses and such other information as the superintendent of state police shall specify relating to the method, frequency, cause and prevention of crime. Under no circumstances shall the name of any person be reported.**

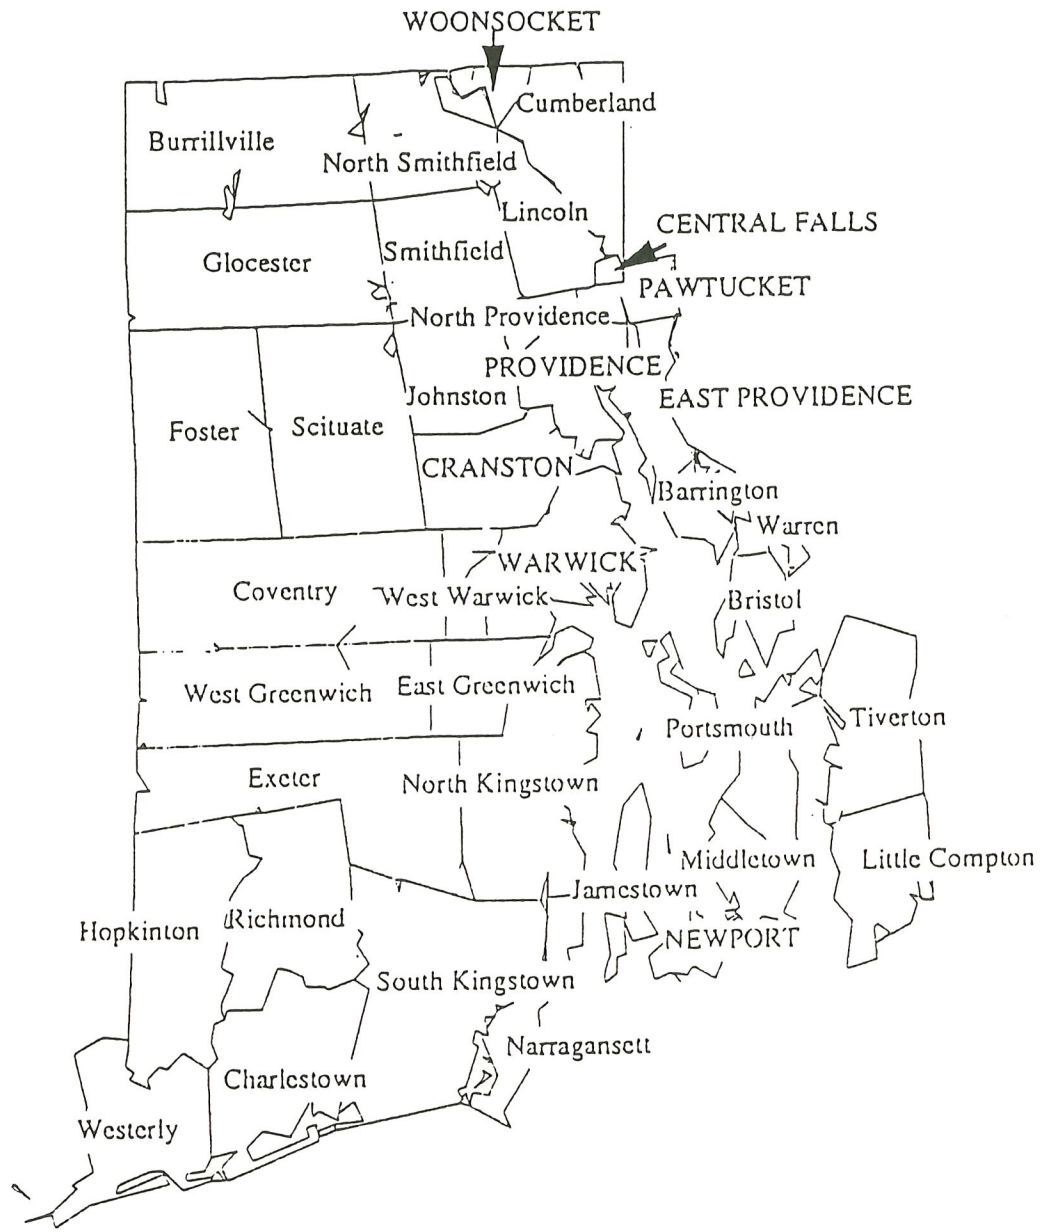

**12-24-3. Compilation of Reports. -- Upon receipt of the quarterly uniform crime reports from the reporting agencies, the division of state police shall prepare a statewide compilation of the statistics contained therein and the resulting statistical compilation shall be available to any governmental law enforcement agency in the state, the judiciary committees of the Rhode Island senate and the Rhode Island house of representatives, and the federal bureau of investigation, upon request. The statistics made available through the uniform crime report shall be used for the purpose of studying the causes, trends and effects of crime in this state and for intelligence upon which to base a more sound program of crime detection and prevention and the apprehension of criminals.**

**12-24-4. Other Agencies. -- Any governmental agency, not falling within the description of those required to submit the quarterly uniform crime report set forth in 12-24-2, which desires to submit such a report, shall be furnished with the proper forms by the division of state police. When a report is received by the division of state police from a governmental police agency not required to make such reports, the information contained therein shall be included within the monthly compilation provided for in 12-24-3.**

# 1995 DOMESTIC VIOLENCE STATISTICS

## *Domestic Violence Training and Monitoring Unit RI Supreme Court*

The Supreme Court/Domestic Violence Training and Monitoring Unit (DVU) used three sources in putting together the following pages of domestic violence statistics. The sources used are the following:

1. RIJSS, Rhode Island Judicial Systems and Sciences (Court computer system).
2. RICADV, Rhode Island Coalition Against Domestic Violence
3. DV-1's (mandated domestic violence police reporting forms) to DVU

In coordinating statistics from the above three data sources, it is clear that we have some work to do in Rhode Island in terms of coordinating domestic violence data collection.

Providence County and Bristol County 1995 misdemeanor cases are in the RIJSS computer system. Washington County, Newport County and Kent County 1995 misdemeanor cases are not in the RIJSS computer system. They were hand-entered into Court Docket Books. Washington County is now on line with RIJSS for 1996 cases, and discussions are taking place regarding Newport County and Kent County.

There are significant differences in the statistics shown by RIJSS and RICADV regarding numbers of dv crimes and dv sentences. This may be attributed to different methods of collecting and counting. We will look to this in 1996.

There remain problems with the collection of DV-1 forms. It is anticipated that this situation will greatly improve in 1996.

# UCR Part I Offenses

## **CRIMINAL HOMICIDE**

### **a. Criminal Homicide - Murder and Non negligent Manslaughter:**

The willful (non negligent) killing of one human being by another. Deaths caused by negligence, attempts to kill, assaults to kill, suicides, accidental deaths, and justifiable homicides are excluded. Justifiable homicides are limited to: (1) the killing of a felon by a law enforcement officer in the line of duty; and (2) the killing (during the commission of a felony) of a felon by a private citizen.

### **b. Manslaughter by negligence:**

The killing of another person through gross negligence. Deaths resulting from traffic accidents are not included in this classification.

## **FORCIBLE RAPE**

The carnal knowledge of a female forcibly and against her will. Included are rapes by force and attempts or assaults to rape. Statutory offenses (no force used - victim under legal age of consent) are excluded.

## **ROBBERY**

The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

## **AGGRAVATED ASSAULT**

The unlawful attack by one person upon another for the purpose of inflicting severe bodily injury usually accompanied by the use of a weapon or other means likely to produce death or serious bodily harm. Attempts are included since it is not necessary that an injury result when a gun, knife, or other weapon is used which could and probably would result in serious personal injury if the crime were successfully completed. Attacks using personal weapons (part of the attacker's body) must result in serious personal injury to be classified as aggravated assault. Simple assaults are excluded from this count.

## **BURGLARY**

The unlawful entry of a "structure" to commit a felony or theft. The use of force to gain entry is not required to classify the crimes as burglary. Burglary is broken down into three sub classifications: forcible entry, unlawful entry where no force is used, and attempted forcible entry. A "structure" is considered to include the following, but not limited to: dwelling houses, apartments, out buildings, public buildings, offices, factories, barns, cabins, etc.

## **LARCENY**

The unlawful taking or stealing of property or articles without the use of force, violence, or fraud. This includes crimes such as shoplifting, purse snatching, pocket picking, thefts from motor vehicles, thefts of motor vehicle parts and accessories, bicycle theft, etc. This crime category does not include embezzlement, "con" games, forgery, and worthless checks. Motor vehicle theft is excluded from this category.

## **MOTOR VEHICLE THEFT**

The unlawful taking or stealing of motor vehicle, including attempts. This definition excludes taking for temporary use by those persons having lawful access to the vehicle.

UCR defines a motor vehicle as a self-propelled vehicle that runs on the ground and not on rails. Examples include automobiles, trucks, buses, motorcycles, mopeds, snowmobiles, etc. Thefts of construction equipment, boats, and airplanes are not included in this category but are counted as larcenies.

## **ARSON**

The willful or malicious burning of property with or without the intent to defraud. Includes attempts. Although arson is considered a Part 1 Crime, sufficient data is not available to provide totals for this offense. The number of arsons is not included in the crime tables listed in this publication.)
