Regulatory Analysis Summary and Supporting Documentation:

R.I. Gen. Laws § 42-161-4 requires the Department of Public Safety and the Office of Attorney General to promulgate rules for the use and operation of BWC. Pursuant to the promulgated policy, on an annual basis, the stakeholders are required to review the policy. The proposed amendments are the result of this annual review. The amendments are reflective of feedback received from multiple law enforcement agencies. In the development of the proposed amendment consideration was given to: (1) alternative approaches; (2) overlap or duplication with other statutory and regulatory provisions; and (3) significant economic impact on small business. No alternative approach, duplication, or overlap was identified based upon available information. Amending these regulations will not add any financial cost to the agency or the public at large and the societal benefits of updating rules and regulations far outweighs any concern to the contrary.
