

Annual Review of Holding Facilities CY 2022

During 2022 all Holding Facilities operated by the Division were done so in compliance with policy and procedures spelled out in GO 52C “*Holding Facility Operations*” and in compliance with applicable Commission on Accreditation for Law Enforcement Agencies (CALEA) and Prison Rape Elimination Act (PREA) standards.

The Agency maintains compliance with standards contained in the CALEA Law Enforcement Standards Manual and the Prison Rape Elimination Act Subpart B – Standards for Lockups. These standards include:

- Staffing of holding facilities to ensure adequate supervision
- Mandatory training of personnel assigned supervision activities
- Requirements for the conduct of detainee searches
- Requirements for Sight & Sound separation of male/female and juvenile detainees
- Segregation of detainees based on intake screening
- Monitoring of detainees both face-to-face and by audio/visual monitoring systems
- Deployment of audio/visual monitoring systems to ensure detainee privacy while allowing for adequate supervision
- Supervision requirements for opposite gender detainees.

During calendar year 2022 there were no reports of incidents within any of the four (4) Division Holding Facilities.
